

Numeration 2017

Rome, June 5 – 9, 2017 – Argiletum in Madonna dei Monti

The workshop brings together researchers interested in interactions between numeration systems, ergodic theory, number theory and combinatorics.

More than 30 lectures in 5 days will bring new ideas on application of number theory to computer science and to physics.

Invited Speakers:

Umberto **Zannier**
SNS Pisa

Shigeki **Akiyama**
Tsukuba University

Conference Chairs:

Vilmos **Komornik**
Marco **Pedicini**

Conference Organisers:

Valerio Talamanca
Corrado Falcolini
Anna Chiara Lai
Roberto Maieli
